## **DETAILED ACTION**

### ***Election/Restrictions***

Newly submitted claims 27-48 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: These claims relate to a probe and related methods which are distinct from the specific electrode claims originally presented. The broad claimed recital relating to a probe per se would have a different classification and search than the claimed electrode.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 27-48 stand withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 8, 12, and 26 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In each of these claims, it is unclear if the flexible material references one or more of the flexible materials set forth in claims 1, 9, and 21, respectively.

### ***Double Patenting***

Claims 13 and 14 are objected to under 37 CFR 1.75 as being a substantial duplicate of claims 1 and 5. When two claims in an application are duplicates or else are so close in content that they both cover the same thing, despite a slight difference in wording, it is proper after

Art Unit: 3739

allowing one claim to object to the other as being a substantial duplicate of the allowed claim.

See MPEP § 706.03(k).

*Allowable Subject Matter*

Claims 1-7, 9-11, and 15-25 are allowed.

Claims 8, 12, and 26 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
